INDEX.

NOTE.—Illustrated articles are marked with an (*) asterisk

ARTICLES.

Acetylene lights for Panama Canal..... *354
Adeline Smith, lumber steamship..... *331
American-Hawaiian steamship Minnesota. *464
American river boats for foreign service. *452
Analysis of trial trips of the Florida.... *278
Application of the Junkers oil engine.... *262
Archer, performance of 136
Argentine dreadnoughts *20
Arkansas and Wyoming. Gregory..... *397
Association of Marine Draftsmen..... 297
Atlantic City *144
Automatic acetylene lights for Panama.. *354
Auxiliaries, turbine-driven. Janson..... *54

Bassure de Baas, bucket dredger..... *171
Battle cruiser Kongo. Coleman..... *313
Battle cruiser Princess Royal..... 505
Battleship Florida. Gregory..... *191
Battleship Nevada 70
Battleship Oklahoma 70
Battleships Wyoming and Arkansas..... *397
Boilers, hydraulic test of..... 139
Bouclier, French destroyer..... 359
British national experimental tank..... 18
British scout cruiser Dublin..... 312
Bucket dredger Bassure de Baas, French. *171
Bucket dredger on the Thames..... *179
Bulkheads, strength of. Murray..... *506
Bureau of Standards investigation of the Effect of hydraulic test of boilers.... 139
Burial of the Maine 168

Cap Finisterre, steamship *116
Carels Diesel-engined ship Eavestone.... *405
Carolina and Virginia..... *69
Census report of U. S. shipbuilding.... 29
Chinese cruiser Fei Hung..... 246
Citta di Palermo. Attilio..... *45
City of Detroit III..... *389
Collier Middlesex 452
Collier Neptune *146
Collier Orion *418
Col. James M. Schoonmaker and William P. Snyder, Jr. *345
Columbia, lumber and passenger steamer. *407
Combination reciprocating engine and Curtis turbine unit, test of..... *112
Commercial motor boats gaining favor... *321
Common sense in engineering..... 322
Cordova, Alaska Steamship Company.... *266
Crown of Toledo 156
Cruiser Cuba *13
Cruiser Fei Hung 246
Cuba, cruiser Cuban government..... *13
Cuban gunboat Patria *12

Dague, French destroyer, trial trip of... *284
Dante Alighieri. Attilio..... *481
Design and mechanical features of gold dredge 190
Design for a motor life boat..... *326
Design of marine gas engines. Percy...8, 47
Destroyer Bouclier 359
Destroyer Dague, trial trip of..... *284
Destroyer Henley, launching of..... 202
Diesel engine for ship propulsion. Diesel 273
Diesel-engine clutch. Wilson..... *64
Diesel-engined oil barge, American-built. *87
Diesel-engined ship Eavestone..... *405
Diesel-engined ship Monte Penedo..... *414
Diesel-engined vessels. Van Brakel..... *368
Diesel engines, Russian. Wilson..... *269
Diesel-engined Russian vessels. Wilson. *1
Diesel motor ship Selandia.....*115, 131
Diesel motor-tank vessel. Gradenwitz... *360
Dimboola, steamship for Australia..... 268
Dock for testing submarines. Skerrett.. *310
Draftsman in shipbuilding. Jenkins.... 323
Dredge design, notes on. Kindlund..... *176
Dredge, Dutch suction *187
Dredge for canal digging, hydraulic..... *284
Dredge, German Fruhling *190
Dredge Graadyb, Danish suction. Holm. *184
Dredge, twenty-inch hydraulic disposal. *181
Dredge, twenty-inch Morris suction..... *183
Dredge waterway *435
Dredger Bassure de Baas..... *171
Dredger Rhyl *174
Dredger, shell suction. Van Brakel..... *173
Dredges, electrical operation of. Rogers. *189
Dredges for Rotterdam *175
Dredges, two large canal and harbor.... *188
Dry-dock, floating, for Rotterdam..... *156
Dry-dock for British Admiralty..... *365
Dry-dock, 20,000-ton pontoon, floating... *50
Dublin, Clyde-built scout cruiser..... 312
Duchess of Richmond, railway steamer.. *28

Eavestone, motor ship..... *405
Economy due to superheated steam..... 281
Eighth New York Motor Boat Show..... 113
El Uruguayo, a River Plate steamer.... 276
Electric trucks for steamship terminals.. *327
Electrical operation of dredges. Rodgers. *189
Electrically propelled passenger steamer.. *498
Engineering, common sense in..... 322
Engineering progress in the U. S. Navy.. 490
English shallow-draft boats..... *449
English type of shallow-draft towboat... *457
Espagne, steamship for French service.. *151
Experimental tank, British National..... 18

Fei Hung, launch of the Chinese cruiser. 246
Ferry, driven by gasoline engines..... *328
Ferry steamer, shallow-draft *457
Fifty years' development in the mercantile-ship construction. Thearle 25
Final reports of Titanic inquiries..... 372
Fire-extinguishing and fumigating..... *466
Fire protection of pier sheds. Koon.... *409
Fishing schooners, oil-engined 408
Floating dock for Rotterdam..... *156
Floating dock for the British Admiralty. 276
Floating docks, large 413
Floating dry-dock, 20,000-ton pontoon.. *50
Floating dry-docks for British Admiralty *365
Florida, analysis of trial trips of. Koon. *278
Florida, battleship. Gregory..... *191
Francey, new French line steamship..... *238
Frank Tenney, tug-boat *68
French destroyer Bouclier 359
French destroyer Dague, trial trip of.... *284
Freight handling, progress in..... *116
Freight launch, 30-foot 26
Freight steamships Col. James N. Schoonmaker and William P. Snyder, Jr.... *345
Freight transference and lighterage..... *14
Fruhling dredge, German..... *190
Fuel economy, notes on. Rigg..... 496
Fuel lighter *332
Fumigating and fire-extinguishing..... *466

Gas engines, design and application.....8, 47
Gold dredge 190
Graadyb, Danish suction dredge. Holm. *184
Graving dock at Halifax, N. S..... 376
Great Lakes bulk freighters Col. James N. Schoonmaker and William P. Snyder, Jr. *345
Gulfoil, new tank steamer..... *109
Gunboat Patria, Cuban *12

Hamburg-American liner Imperator..... *301
Henley, launching of the U. S. destroyer. 202
Henry Bell's steamboat Comet..... 352
Holzapfel I., producer gas-driven vessel.. *137
Horsepower and kilowatt, relation of.... 304
Hydraulic dredge design, notes on..... *176
Hydraulic dredge for canal digging..... *284
Hydraulic dredge, 20-inch *181
Hydraulic dredge Waterway..... *435

Imperator, Hamburg-American liner..... *301
Inland water-borne commerce. Ruddle.. 232
Installation of fire-etxtinguishing and fumigating apparatus *466
Institution of Naval Architects 149
International Safety Congress..... 119

Japanese battle cruiser Kongo. Coleman. *313
Junkers oil engine *262
Kongo, launch of. Coleman *313

Launch of latest battleships and cruisers. 277
Letitia, steel twin-screw steamer..... 265
Lifeboat, design for *326
Light-draft steamer Carolina..... *69
Lighters and lighterage. McL. Harding. *14
Lighting of Panama Canal *354
Liquid-fuel measurement. Towle.....*306, 355
Locomotive marine stages *154
Lumber steamship Adeline Smith..... *331

Marine engineering development..... *305
Marine gas engines. Percy 8, 47
Marine producer gas power plants..... *150
McAndrew's Floating School. McAllister *503
Mechanical equipment of terminals..... *228
Menhaden steamers for the Atlantic Coast *71
Mercantile ship construction. Thearle.. 25
Merchant marine shipbuilding in Japan.. 24
Middlesex, launch of the collier..... 452
Mills, floating fertilizer and oil factory.. *420
Minnesotan, American-Hawaiian steamer *464
Model tests, navigable 45
Model towing tank, British National..... 18
Monte Penedo, Diesel-engined ship..... *414
Moreno *20
Motor boats, commercial, gaining favor. *321
Motor cruising yacht, 45-foot..... 325
Motor life-boat, design for..... *326
Motor ship Eavestone *405
Motor ship Selandia *115, 131
Motor tank vessel. Gradenwitz..... *360

Naparima, shallow-draft steamer..... *439
Naval Architects and Marine Engineers, annual meeting 5, 43, 446
Naval Architects, Institution of..... 149
Naval architects' meeting 508
Naval collier Neptune *146
Naval collier Orion *418
Navigable model tests..... 45
Navigation Congress 65, 145, 213
Nelson, molasses tank steamer..... *359
Neptune, performance of..... 115
Neptune *146
Nevada, U. S. battleship 70
New Londoner 358
New York, launch of..... *501

Oil barge, Diesel-engined *87
Oil engine, Junkers *262
Oklahoma, U. S. battleship..... 70
Old American sound and coasting steamers. Bradlee.....*140, 201, 242
Ontario and Sonoma, seagoing tugs..... 268

This INDEX belongs to Vol 16

Orama, new Orient mail steamer..... *114
Orion, United States naval collier..... *418

Pacific Coast shipbuilding and repair plant *67
Panama Canal Act 411
Panama Canal, acetylene lights for..... *354
Panama Canal, navigation of..... 489
Panama Canal tolls..... 489
Patria, gunboat Cuban government..... *12
Performance of Diesel-engined vessels... *368
Personal..19, 129, 168, 212, 255, 256, 297, 433, 479
Pier sheds, fire protection of. Koon.... *409
Plans for new steamship terminal..... *362
Possibilities of Montauk Point relative to Atlantic express, passenger and mail service. Donnelly 108
Princess Alice, steamer *68
Prize competition for designs of a passenger canal boat for the District of Teltow, Germany 145
Producer gas-driven cargo vessel..... *137
Producer gas-power plants..... *150
Producer gas tow-boats..... *11
Progress in freight handling..... 116
Progress in marine engineering. Durand. 99
Propeller, air-reversing *156

Repair plant on U. S. battleship..... *27
Report of the chief of the Bureau of Steam Engineering 66
Results of experiments with a water-tube boiler, with special reference to superheating. Yarrow *317
Retrospect of fifteen years of ship design and construction. Peabody..... 93
Review of marine articles in the engineering press....34, 78, 120, 161, 205, 249, 290, 337, 381, 426, 472
Rhyl, dredger *174
Rivadavia, Argentine battleship.....*20, 155
Robert Muser, side-wheel, tow-boat..... *272
Russian high-speed Diesel engines..... *269
Russian Diesel-engined vessels. Wilson. *1

Salvage and testing dock for submarines. *310
Salvage dock for submarines..... *502
Scout cruiser Dublin 312
Selandia, Diesel motor ship. Holm..... *115
Selandia. Wilson *131
Selected marine patents..*44, 85, 130, 169, 212, 256, 299, 344, 388, 434, 480
Shallow-draft boat for Alaskan rivers.... 440
Shallow-draft ferry *328
Shallow-draft ferry steamers..... *457
Shallow-draft motor boat Wethea..... *450
Shallow-draft motor boats..... *453
Shallow-draft steamer Naparima..... *439
Shallow-draft tunnel stern steamer..... *458
Shell suction dredger. Van Brakel..... *173
Shinyo-Maru, Japanese steamship..... *152
Shipbuilding and repair plant..... *67
Shipbuilding in 1911..... 62
Shipbuilding returns..25, 49, 119, 154, 160, 172, 175, 231, 272, 312, 364, 367, 408, 433
Shipbuilding of United States..... 29
Shipbuilding in Japan..... 24
Side-wheel steamer City of Detroit III.. *389
Slipping clutch for Diesel engine. Wilson *64
Society of Naval Architects and Marine Engineers, annual meetinug.....5, 43, 446
Sol Duc, steamship *371
Sonoma and Ontario, seagoing tugs..... 268
Standardization of fittings and valves... 309
Start Point, launch of steel screw steamer 332
Steam turbines for auxiliaries. Janson.. *54
Steam whaling vessels *10
Steamboat traffic. Brown..... 442
Steamer City of Detroit III..... *389
Steamer Columbia *407
Steamer Cordova *266
Steamer Crown of Toledo..... 156
Steamer El Uruguayo 276
Steamer for New York and Atlantic City *144
Steamer Gulfoil *109
Steamer Letitia, steel twin-screw..... 265
Steamer Naparima *439
Steamer Nelson *359
Steamer Orama *114
Steamer Princess Alice *68
Steamer Start Point 332
Steamers Carolina and Virginia..... *69
Steamship Adeline Smith *331
Steamship Cap Finisterre *116
Steamship Citta di Palermo. Attilio.... *45
Steamship Dimboola 268
Steamship Espagne *151
Steamship France *238
Steamship Henry Williams *285
Steamship Imperator *301
Steamship Mills. Edwards *420
Steamship Minnesotan *464
Steamship New Londoner..... 358
Steamship Shinyo-Maru *152
Steamship Sol Duc *371
Steamship terminals, trucks for. Haines. *327
Steamships Col. James N. Schoonmaker and William P. Snyder *345
Subaqueous rock excavation..... 227
Submarine boats for the U. S. Navy.... *257
Submarine salvage and testing dock..... *310
Submarine transport ship..... *353
Suction dredge, 20-inch *183
Suction dredger for shell lime industry.. *173
Sulzer Diesel-engined ship. Wilson..... *414
Superheated steam, economy due to..... 281
Superheating, results of experiments..... *317
Surf and Swell, steam trawlers..... *19

Tank steamer Gulfoil *109
Tank steamer Nelson *359
Terminal in New York harbor..... *362
Terminals, electric trucks for. Haines.. *327
Terminals, mechanical equipment of,.... *228
Test of a Mississippi river suction grader *180
Tests of a combination reciprocating engine and Curtis turbine unit..... 112
Thousand Islander *458
Titanic, foundering of *198
Titanic inquiries 372
Towboat, producer gas *11
Towboat Robert Muser *272
Towboat, shallow-draft *452
Transport ship for submarines..... *353
Transport ship for submarines..... *495
Trawlers Surf and Swell..... *19
Trial trip of French destroyer Dague.... *284
Trial trips of Florida, analysis of. Koon. *278
Tug boat Frank Tenney..... *68
Tugs Sonoma and Ontario..... 268
Turbine-driven naval collier Neptune.... *146
Turbines for auxiliaries. Janson..... *54
Twelfth International Navigation Congress, 65, 145, 213
Twenty thousand-ton dry-dock..... *50

United States battleship Florida. Gregory *191
United States battleship Nevada..... 70
United States battleship Oklahoma..... 70
United States battleships Wyoming and Arkansas. Gregory *397
United States destroyer Henley..... 202
United States naval collier Neptune.... *146
United States naval collier Orion..... *418
United States submarines, modern..... *257

W. H. Bancroft *440
Water transportation, rail rates and the Inter-State Commerce Commission.... 447
Watertube boiler, results of experiments with special reference to superheating *317
Waterway, hydraulic dredge *435
Wethea, shallow-draft motor boat..... *450
Whaling vessels, steam *10
Why steamboat traffic declined before the railway. Brown 442
William P. Snyder, Jr., and Col. James N. Schoonmaker *345
Winchester, fast steam yacht launched.. *280
Wyoming and Arkansas, U. S. battleships *397

Yacht, motor cruising, 45-foot..... 325
Yacht Winchester *280

COMMUNICATIONS.

A kink in gaskets..... *203
A peculiar mishap *286
Attachment of piston to rod. Mason.... *468
Auxiliary electric plant. Day..... 335
A word as to boilers..... 516

Between the engine and the propeller.... *158
Boiler, explosion of a watertube..... 33
Broken crankshaft *74
Broken-down circulating pump..... 119

Carels-Westgarth Diesel-engined ship.... 379
Circulating pump, broken-down 119
Combustion chamber patch 288
Condenser breakdown *204
Corrosion and scale in boilers..... 287
Crank pin, how to deal with a loose..... 335
Crank shaft, broken *74
Crosshead troubles *289
Cruising turbines, efficiency of.....203, 468
Curious marine mishap. Hill..... *422

Diesel electric drive in the Tynemount.. 470
Draftsman in shipbuilding. Haas..... 470
Duplex pumps 517

Eccentric rod, repairing a..... *159
Economy from the stokehold. Linch.... 32
Effect of galvanic action. Brooks..... *423
Efficiency of turbines at cruising speeds. Barry 203
Electric drive in the Tynemount 470
Electric plant, auxiliary. Day..... 335
Engine-room design 117
Explosion of a watertube boiler..... 33
Explosion of stop-valve chest..... 203

Faults in machinery arrangements..... *377
Fire-extinguishing apparatus 247
Fitting a combustion chamber patch..... 288
Fitting a tail-shaft ring. Hill..... 203
Fracture of a rudder head..... 421

Galvanic action, effect of. Brooks..... *423
Gaskets, a kink in *203
Graphite in boilers. Ford..... 421

High-pressure engine, total breakdown of. 424
How to deal with a loose crank-pin..... 335

In breakdown time. Suzara *379

Little experience 74

Machinery arrangements, faults with.... *377
Milling the links of valve gear..... 118
Minor troubles of the marine engineer... *160

Naval Architects' meeting. Forbes..... 43
Navigation under difficulties..... *287
Needless faults in engine-room design... 117
Noise and the cause *76

Oil-driven electric plant. Day..... 335
Overhauling winches. Haas 334

Patching of combustion chamber..... 288
Piston ring planer job..... *286
Presence of salt water 287
Preventative of scale and corrosion..... 287
Propeller blade, unique repair to..... *77
Pump trouble 204

Reliable hand wheels on valves..... 421
Repair of a broken stern gland..... *421
Repairing a delivery air vessel. Nesbit. *76
Repairing an eccentric rod *159
Rivet out of ship's side under water line. 75
Rudder head, fracture of 421

Scale and corrosion in boilers..... 287
Series of accidents *31
Shafting, breaking of. Thomas..... 117
Some notes on the breaking of shafting.. 117
Steamboating on the Amazon..... 471

DEC 5 1911 SMITHSONIAN INSTITUTION

95529

Steamship design, weak points in..... 157
Stern gland, repair of *421
Stokehold, economies from. Linch..... 32
Stop valve chest, explosion of..... 203
Strange noises 421

Tail shaft ring. Hill 203
Temporary repair of thrust shaft..... *30
Tightening a loose propeller. Mason.... *247
Total breakdown of high-pressure engine. 424
Turbines at cruising speed, efficiency of, 203, 468
Two breakdowns 336

Unaccountable (?) mysteries 248
Unique repair to a propeller blade..... *77

Valve gear, milling the links of..... 118

Walschaert valve gear. Linch..... *30
Watertube boiler, explosion of..... 33
Weak points in steamship design. Linch. 157
Winches, overhauling. Haas 334

EDITORIALS.

Accuracy of marine engineering data..... 339

Condition of shipbuilding in the United States 429

Development of marine oil engines..... 163
Development of the submarine..... 293

Economy of superheated steam..... 293
Economy in the fire-room 37

Fifteenth anniversary of INTERNATIONAL MARINE ENGINEERING 123
Free trade clause of Panama Canal act... 429
Freight handling at steamship terminals. 339
